Contents

1	Title of session	3
2	Pre-reading: pg 122-130	6
3	Drop-In: Blah blah	7

Colourful boxes

Definition

Used to define any words/ phrases.

Key Concept

A fundamental idea which underpins lots of other things.

Example

An environment in which a completely solved example can be included. Solution to be included in *italics*. Solutions should be correct.

Question

An environment in which an unsolved question can be included.

Link

A way that lectures can be linked to other lectures or other resources (e.g. slides, pages of a textbook, website etc)

🎓 Lecturer

📍 Location

Link

A way that lectures can be linked to other lectures or other resources (e.g. slides, pages of a textbook, website etc)

LANGUAGE: Pseudocode

```
1 here is pseudocode
2
3 oh look, a new line
```

LANGUAGE: Python3

```
1 # here is a python program
2 print("Hello World")
3 for x in range (1, 44):
4     print(x, " is current")
5
6 def function
```

This code will result in the following output

LANGUAGE: Unknown

```
1 Hello World
2 1 is current
3 2 is current
4 ...
5 The text at line 4 is not valid
```

This even continues onto the next page

and the next.
